

Clayoquot Wilderness Lodge

Accommodations

Waterfront Deluxe – Sleeps up to four guests

Twenty-five canvas tents, each with an arm's length view of the wilderness beyond, are dotted along the banks of Clayoquot Sound and among the valley's towering trees, each in the style of turn-of-the-century prospectors. A decadent retreat is created by combining contemporary interiors with period and local artisan-designed objects. Each tent features desk space, a cast iron heated stove, and opens to a verandah with traditional Adirondack chairs made for relaxing with a book and drinking in the view.

Lining the banks of the sound and offering sweeping views of the ocean and Bedwell River, the Waterfront Deluxe is ideal for spotting wildlife right on the doorstep or welcoming the rising sun from the private deck. Each tent features a luxurious king bed that can be split into two king single beds and a double sofa bed. A private bathroom, located separately just steps outside the tent, includes a shower and luxurious heated floors.
