

Clayoquot Cellar

A generous selection of drinks is included in the tariff at Clayoquot and includes wines, local craft beers and ciders, small batch spirits, and non-alcoholic beverages. A cellar master's selection is additional and features international wines and Champagnes.

Premium selection

Wines include familiar and new wines from the Pacific Northwest, as well as from wine-growing regions including the Napa Valley in California. The Pacific Northwest craft brewing movement brings a selection of bottle and draught beers to the bar, while spirits from more than twenty British Columbia distillers are used to handcraft cocktails with house made syrups, bitters and tonics.

The Ivanhoe

Reaching eleven feet, floor-to-ceiling glass windows deliver mesmerising views of Clayoquot Sound, making The Ivanhoe the best place to enjoy a drink and watch the weather and wildlife in action. Upstairs, a rooftop lounge looks straight down to the bottom of the emerald green Bedwell River, while outside a firepit and cedar deck chairs invite lounging well into the evening.

Sunset drinks

As sunset signals the day's end at Clayoquot and the colours on the sound begin to soften in golden pinks and dusky blues, guests enjoy a drink from the bar, served al fresco on the roof deck, roof bar or by the warmth of the fire inside. It's a time to reflect on the day and share stories of happy adventures.
