## FAQ

- **Can my dietary restrictions be accommodated?** – We are happy to accommodate dietary requirements. For more speciality diets such as dairy free, vegan or gluten there is an additional charge. Please be sure to describe your requirement in detail when making your booking. For severe allergies, it is recommended that you bring 2 EpiPens with you.
- **What is backcountry camping** - Backcountry camping refers to camping in Algonquin Park's interior campsites. On our canoe trips, the guide finds the best campsite for the group. Each campsite has tent sites, a firepit, and a "thunderbox" (ie: toilet). We provide the tents, stoves, tarps, and any other equipment required to make a backcountry campsite into a backcountry palace. Water is taken from the lake and purified for drinking. All backcountry travel follows leave-no-trace principles as directed by the guide.
- **Do I need to know how to canoe?** – No, you don't. All of our guides are experienced instructors and will show you the ropes.
- **Who else is on my trip?** - For canoe trips, there will be as many as eight guests plus your guide. This guest to guide ratio is an industry standard for warm, flat-water canoe trips. We do our best to sort our guests into like demographics. At the Algonquin Log Cabin there are as many as 12 guests on each trip and three staff members. Our guest's range in age and nationality.
- **What does off-grid cabin mean?** - It means that our cabin is not hooked up to grid electricity. We operate without the need for electricity aside from filling our water cisterns from our well, for which we use a generator.
- **Is there electricity and cell service?** – No. On the campsites and at the Log Cabin there is no electricity and no Wifi.
- **Can I bring Alcohol?**

For canoe trips: best advise is to bring liquor and/or wine. Decant glass bottles or cans into plastic containers. It is forbidden to bring glass or cans into Algonquin Park. For Algonquin Log Cabin: bring whatever you wish. Best advise is to bring a bag of ice with you as well. Remember: we are off grid – that means no fridge! We can provide you with a cooler to use for your stay.
